Directions to Zero Level

At the McCarran airport, our shuttle driver parks down at ZERO LEVEL. From baggage claim (level one), you must go DOWN one more level to a small lobby called ZERO LEVEL. There is one exit area on Zero Level. Take the exit, and there is a crosswalk right in front of you. Our driver will be three lanes across the crosswalk in a parking stall in the open parking area. You are looking for our van either marked "St.George Shuttle" or "St.George Executive".

If you are coming in from TERMINAL 2. Take the McCarran Shuttle over to TERMINAL 1.

If you are being dropped off at the airport. DO NOT DRIVE THROUGH ZERO LEVEL. It is a secured parking area, and you can get a ticket. Have the person dropping you off go to SHORT TERM PARKING. From there, take the elevator down to ZERO LEVEL. (There is a fee to exit short term parking).
